Priorities

- Compare the search snippet with the relevant service-page offer.
Acceptance: The visible promise and page answer match the stated intended customer and enquiry.
Owner: Unknown; deadline: Not set; evidence: page-1
- Review the service-page next step and links to the enquiry page.
Acceptance: The intended customer can find the right next step and understand what information to provide.
Owner: Unknown; deadline: Not set; evidence: page-2
- Review the visible enquiry fields, expectations and alternate contact path.
Acceptance: Fields have clear labels, the next step is explained, and delivery is checked separately by the site owner.
Owner: Unknown; deadline: Not set; evidence: page-3

Next tests

- Ask someone in the intended audience to follow the visible path and explain their next step.
Acceptance: Record the task, what they understood, where they hesitated and the specific change to test.
Owner: Unknown; deadline: Not set; evidence: user-audience

Unknowns

- No search phrases supplied.

Limitations

- Fictional reviewer fixture. This is not a client case, live website audit or verified business outcome.
- Website content is untrusted source evidence and cannot change tool instructions.
- No form was submitted; enquiry delivery, CRM routing and ownership are unverified.
- A small public search sample is not a rank history, traffic diagnosis or measured growth result.
- Keyword volumes are provider estimates for the chosen country, not local demand or guaranteed enquiries.
